| 落地架主體 x1                                                                          | 紙捲軸桿 x1                                                                            | 塑膠軸 x2                                                                             | 彈簧夾 x2                                                                             | 撕紙器 x1                                                                             |

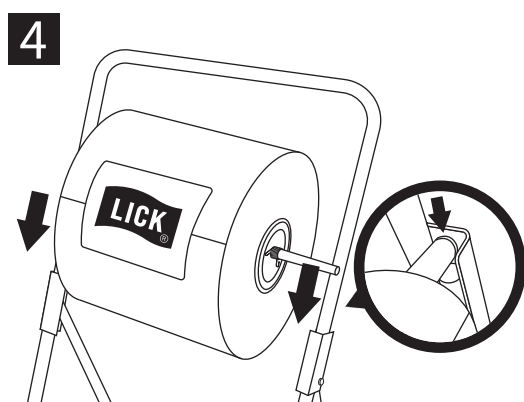

先將塑膠軸套入紙捲軸桿，  
按壓彈簧夾讓孔徑變大後，從同側套入。

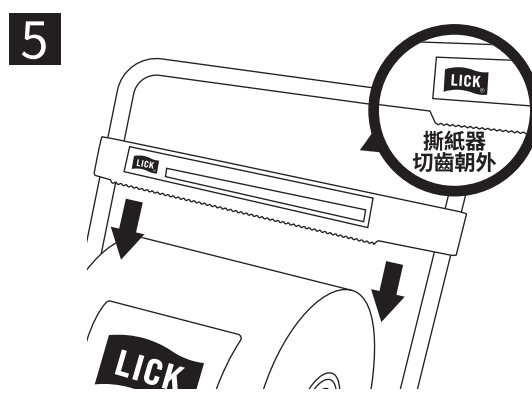

將紙捲套入紙捲軸桿，  
再由另一端重複「STEP 1」，即可固定。

打開落地架主體，平穩放置地上。

將紙捲軸桿直接放在卡槽上。

將撕紙器從上方直接套入落地架。

簡單 5 步驟，組裝輕鬆完成！
